

AZ LEARNS

A comprehensive system of school improvement built on a foundation of...

Leadership

State and local leaders work together to promote continuous school improvement.

Education

AZ LEARNS affirms the collective commitment to provide Arizona students with quality curriculum and instruction aligned to the Arizona Academic Standards.

Accountability

AZ LEARNS provides:

- accurate school achievement profiles by examining each school's overall performance.
- a clear definition of the school improvement process.
- early intervention to assist underperforming or failing schools.
- the enforcement of consequences for those schools failing to implement the necessary actions to facilitate improvement.
- the fulfillment of public demand for greater school accountability as demonstrated with the voter approval of Proposition 301.

Results

To promote the objective of greater student achievement, AZ LEARNS establishes rewards for positive results.

Notification

Understanding that school improvement is a community effort, AZ LEARNS is committed to keeping stakeholders informed by publicly releasing school achievement profiles. Furthermore, AZ LEARNS requires all schools designated as failing or underperforming to notify each residence within the attendance area of their achievement profile.

Systemic Support

AZ LEARNS creates new partnerships for school improvement.
